

Here are WXCI, we believe in providing programming in order to serve the interests of the public. WestConnHappenings is a weekly hour long program that does just that; interviews include local politicians, community leaders, and experts in the fields of medicine. We also provide a forum for listeners to call in and be heard about their concerns; and we provide programming that welcomes local musicians and artists to gain an audience over the air waves. We provide news reports on the top of the hour whenever our announcers are in studio. WXCI is involved in community outreach; for example, the station hosts an annual Holiday Party where food is collected for the local food kitchen, and the radio station staff can be found in the community for other musically grounded promotions. The whole day of Sunday is totally devoted to the local community with special musical programming aimed at the diverse Danbury community.

Best Regards,

Nancy London
